

# Technology Help for Your Child's Success!

SJE students are "Tech-savvy" Here are some technology tools to help your child at home. Check out Links on the SJE Website <http://southjordanelementary.jordandistrict.org/links/> or the sites listed below.

## Get ready for RISE Year-End Testing:

★Do you ever wonder what the Year-End RISE test is like? Take a practice test with your child to learn more. Go to [utahrise.org](http://utahrise.org) and click on Practice & Training Tests.

## Did you know, KEYBOARDING is a critical life skill...not just for year-end testing

★Keyboarding skills are required for 3<sup>rd</sup> thru 6<sup>th</sup> grades and it is becoming essential for all students K-6th.  
★TYPING.COM— This year we are using [TYPING.com](http://www.typing.com) here at school and at home. Helps students build speed, after they know correct fingering. [http://www.typing.com/](http://www.typing.com) Username: sjelunch# (sje1234567) Password: sjordan

## How about GOOGLE Tools for Elementary...Google Classroom

Jordan District has set up PRIVATE domains by classroom. Students have access to Google Docs, Google Slides, Google Sheets, and many more. Teachers can engage students with online activities, have students create group presentations, and chat with other students in their group.

## WOW! We have BrainPOP!

★BrainPOP —is a paid site that creates online animated curriculum-based content that is aligned to state education standards. It includes videos, games, quizzes, and activities for science, health, writing, reading, math, etc. all based on national education standards. <https://www.brainpop.com/> or <https://jr.brainpop.com/>  
General school Login: southjordan Password: rams **OR** Individual students sign in with G-Suite (email)

## Need MATH Help

◆THINK CENTRAL--Online Math Textbook! Math resources like MegaMath Activities or iTools <https://www-k6.thinkcentral.com> Username: student's lunch # Password: lunch # again  
◆JSD ELEM MATH, HOMEWORK HELP--Links to LearnZillion video clips organized by grade, unit, and concept. It's easy for parents and students to review daily math concepts and understand homework. Also, tutorials on how to use the tools on this site. <http://elemmath.jordandistrict.org> Click on "Students & Parents" then "Homework Help".
