

This area is for buses only. No cars should be dropping off or picking up in the north lot or bus lane.

If you arrive early, do not block where the buses pull in to the north parking lot. Leave them plenty of room.

These cones are in place to ensure cars are ONLY in the lane closest to the sidewalk. Students should only exit cars along the sidewalk.

As you pull in you must stay in the drop off/pick up lane, OR you must PARK. No dropping students off in the parking area please.

Don't "slow the flow" - Please pull forward as far as possible before your student(s) get in or out of your car.

South Jordan Elementary Drop Off and Pick Up Rules and Procedures

**Together we can all do our part to
keep our students safe.
Thank you!**

You can pull all the way to the curve in the lane to drop off or pick up. This helps us keep things moving. Student should never cross at this end of the parking lot.

As you exit the school property, please head north. Do not enter the residential area to the east.
