 - A. Majority of trustlands goes to coach and Walk to Read aides
 - B. Will use all and more of the funds
 - C. Could use money on chromebooks, but seeing strong gains in literacy with aides
 - D. Typically one goal for ELA and one goal for math
 - E. This 22-23 year's ELA goal: 70% of students will show typical or above growth as measured by Acadience. We achieved 78% at the end of year Acadience.
 - F. This 22-23 year's Math goal: Increase Math RISE proficiency to 61%. We achieved 59.1 in growth last year's RISE scores.
 - G. MOY current data on Acadience: 67% typical growth or better and with 80% proficient
 - H. Currently the goal is growth, but state requirements will be changing in a few years to proficiency.
 - I. Less growth in 6th grade. Could be due to bigger group size in advanced groups.

- J. Lower in growth than district and state average in math growth. Our achievement in math is higher than district and state math achievement.
- K. We didn't reach the goal in math, but dropped a little.
- L. Emily proposed to keep the same goal and Dan Sorenson seconded.
- M. Tracy Miller said math focus and revamp coming to the district in the future.

- 4. Determine goals for ELA and Math
 - A. ELA: In the 23-24 year, 75% of students will show typical or above growth as measured by Acadience.
 - B. Math: In the 23-24 school year, 61% growth in RISE.
- 5. Review White Ribbon Week materials
 - A. Brain Power Digital Wellness program for White Ribbon week.
 - B. Students get a bookmark and letter to go home to get parents more involved in what is going on and what points are being discussed in class each day.
 - C. Daily lessons and videos outlined in classroom discussion guides.
 - D. PTA had some voice that it wasn't particularly about computers, but did think wellness was important. Good it focused on not just getting off of computers, but on other healthy practices.
 - E. Can we reuse the materials? We can ask teachers to turn them in each year and rotate using them every 4 years.
- 6. Review data from MOY Acadience Testing
