Last year added some green lines. In Spring, Mr. Eardley will meet with South Jordan to discuss routes. Still some issues in the neighborhood with parents picking up students and having them cross the street. Problems with the stop sign for the bus drop-off zone and not the other direction. Buses don't stop. Stop sign also for those exiting the carpool drop-off zone.

Inclement Weather Plan (on website):

If the weather falls below 20 degrees (including wind chill), if above 100, lightning, or if there are too many particles, students are brought inside.
